

Dear Sir / Madam,

I'll be honored to have an opportunity to discuss with you about the role of project manager in your PM associate program.

I'm a CFA charterholder with 13 years of experience working at the intersection of commercial real estate and finance. I currently work as Senior Vice President of an asset management firm in Hong Kong, and used to explain and justify various corporate initiatives (entering a new market, disposal of assets, share buy-backs, etc.) to the board and senior management of listed companies.

In real estate transactions, I have spent more and more time planning and coordinating for the success of the transactions, aside from focusing on the commercial aspects.

I am fluent in English, Mandarin and Cantonese.

Hope I can have an opportunity to discuss with you further on the details and a chance to justify why I would be a good fit for the post.

Thanks,

Paul
